ABOUT ME

Full Stack Developer with hands-on experience building scalable web and mobile applications using **Next.js, React.js, TypeScript, Node.js, Supabase, Flutter, and Dart**. Experienced in architecting and maintaining production-ready systems including the complete **www.chotubot.com** platform (built from scratch from Figma designs), inventory management dashboards, affiliate marketing engines, international shipping workflows, Razorpay payment integrations, and cryptographic document signing platforms (**DocuSign**). Skilled in building REST APIs, integrating third-party services, row-level security (RLS) databases, and managing agile delivery using **Jira Kanban boards** and **GitLab CI/CD**.

WORK EXPERIENCE

Associate Software Developer — Dextop (www.chotubot.com)

Dec 2025 - Present

- Built **www.chotubot.com** from scratch as lead full-stack developer, translating comprehensive Figma designs into pixel-perfect, responsive Next.js & TypeScript components.
- Engineered the enterprise Dashboard featuring **Inventory Management** for real-time stock tracking, catalog updates, warehouse alerts, and supplier synchronization.
- Developed the complete **Affiliate Marketing feature** with unique referral tracking links, conversion analytics, and automated commission payout pipelines.
- Implemented **International Delivery** workflows supporting cross-border shipping compliance, dynamic currency conversion, and global order tracking checkpoints.
- Integrated **Razorpay payments** including signature verification, webhook state-machine listeners, and automated refund management routines.
- Developed the **Chotu ESP companion mobile app in Flutter and Dart** for smart hardware provisioning, Wi-Fi pairing, and real-time device control.
- Employed **Jira Kanban boards** for agile task management, sprint tracking, bug triage, and continuous delivery cycles via GitLab CI/CD.

Full Stack Developer Intern — SASH Info Pvt. Ltd (sashinfo.com | eductrl.com)

July 2025 - Oct 2025

- Core engineer on flagship product **DocuSign** including secure PDF document upload, visual drag-and-drop signature placement, and cryptographic audit ledgers.
- Implemented secure **OTP/email 2FA verification** workflows, user role management, and credit quota system.
- Integrated real-time tracking, IP geolocation capture, device fingerprinting, and activity status transitions.
- Developed and integrated Next.js REST APIs thoroughly verified with automated Postman collections.
- Integrated DocuSign with **AppyMinds LMS** platform for seamless document signing and student onboarding flow.
- Improved UI/UX using Next.js, React, Bootstrap, Redux Toolkit, and reusable design tokens under Git version control.

PROJECTS

DocuSign — Digital Document Signing Platform | *Next.js, React, MongoDB, Redux, Bootstrap, NextAuth*

- Built secure PDF upload, coordinate-mapped drag-and-drop signature canvas, and 2FA OTP verification.
- Added real-time tracking, IP/device capture, and integrated with AppyMinds LMS (appyminds.com/products/esignsure).

Blog Management Feature — AppyMinds.com (Feb 2025 - Mar 2025) | *Next.js, Node.js, JWT, CKEditor*

- Built complete blog management admin panel with secure JWT login and role-based access control.
- Implemented full blog CRUD, image upload, category management, SEO/meta fields, and CKEditor WYSIWYG integration.
- Connected admin panel with live website to display published blogs (appyminds.com/blog).

Chotu ESP IoT Companion Application (2025 - Present) | *Flutter, Dart, ESP32, REST API, Jira*

- Built cross-platform mobile application in Flutter & Dart for wireless ESP device discovery, Wi-Fi provisioning, and hardware control.

TECHNICAL SKILLS

Programming Languages: Next.js, TypeScript, JavaScript (ES6+), Node.js, Express.js, Dart, Python, C/C++, Java

Frontend & Mobile: React.js, Next.js (App Router), Flutter, Tailwind CSS, Redux Toolkit, Bootstrap, HTML5, CSS3

Backend & Databases: Node.js, Express.js, Supabase (RLS & Auth), PostgreSQL, MongoDB, RESTful APIs, NextAuth, JWT

E-Commerce & Payments: Razorpay (Webhooks & Verification), PayU, Inventory Management, Affiliate Marketing, Currency Conversion APIs

DevOps, Tools & Agile: Git, GitHub, GitLab CI/CD, Render Cloud Deployment, Jira Kanban Boards, Postman, Figma, VS Code

EDUCATION

ACHIEVEMENTS & PERSONAL DETAILS

- **First Prize in Group Dance Competition** — Won 1st place in college cultural competition and received certificate.
- **College Cricket Team Player** — Represented the college varsity cricket team in the 2nd and 3rd years of degree.
- **University Cricket (District Level)** — Selected for university under-matches at the district level.
- **Personal:** Born 2 May 2003 | Nationality: Indian | Languages: Marathi, English, Hindi | Hobbies: Tech, Video Games, Cricket.
